

Christmas Stocking

Copyright 2018 Downeast Thunder Farm

Piece 2 - Stocking Bottom (solid line)

Piece 1 - Stocking Top (dashed line)

outline of branch for owl perch

Print two copies of this pattern. Cut out one along the dashed lines. Cut out the other along the solid lines.

Match the two pieces together and tape to create the full-size stocking pattern. If desired, print a third copy and cut out the branch piece from brown felt to use in your design.

Cut two stocking pieces from felt. Design as you like with felt bird or critter appliqués. Any of the Downeast Thunder Farm patterns can be created on a Christmas stocking.

For the stocking trim, cut two lengths of felt 7" x 3". Fold over the top of the each of the stocking piece and attach with a running stitch, blanket stitch, or beads.

Cut a strip of felt 3/4" wide by 4" long for the loop. Fold in half and position the loop at the * together with a blanket stitch using all six strands of embroidery floss.
