

Downeast Thunder Farm Red-capped Mushroom

Copyright 2024 Downeast Thunder Farm

- Note: Use two strands of floss throughout.
- Position the stem on the top and tack the top along the top edge. With beige floss, sew the running stitches along the top and the stem's outer edges as illustrated.
- Position the moss on the stem bottom and sew with a green blanket stitch along the top.
- Position the cap and sew along the bottom edge with a red blanket stitch. For the spots, sew on white beads or French knots.
- Pin the two bodies together. Sew the two body pieces together using a blanket stitch matching your floss color to the felt color using red, white, and green floss. Pause when you're about 1½" from finishing the blanket stitch. Take small portions of the fiberfill and stuff the ornament; finish sewing the edge and tie it off.

Have fun!

Susan
